ART MEETS LEGEND

FRIDAY, OCTOBER 22, 2021

Youth artists collaborated with local artist Mercé Culp to design t-shirts, stickers and a backdrop inspired by the lyrics of John Legend's songs and works from the Toledo Museum of Art collection. The following pages share quotes from the participants about the importance of art and music, as well as highlights of the creative process.

This *Art Out of School* project was made possible in partnership with the Art Tatum Zone, and sponsored in part by: ProMedica, Hearst Foundations, LaValley Family Foundation, & TMA Ambassadors.

"Art can change a person's perspective and see a new light."

"Music tells a story of people's lives and experiences."

"Art is anything. It's an experience that helps us cope and be our true selves."

*"[Music and art] form society because people pay attention to it,
and it influences many people."*

"[Art and music] are important because it can show how people feel and can bring important topics to other's attention."
